

PMP® Exam Prep for 2021 PMP Exam

Duration 5 Days

COURSE DESCRIPTION

Project Management Professional (PMP)® credential awarded by Project Management Institute (PMI), USA is the most important industry-recognized certification for project managers. Globally recognized and demanded, the PMP® demonstrates that you have the experience, education and competency to successfully lead and direct projects.

This PMP Examination Preparation course helps you understand the core principles of PMP® and provides the skills to pass the demanding and challenging PMP® examinations. Our training sessions are based on PMI-standardized course materials for 2021 PMP exams.

PMP 2021 has been re-designed to be value-oriented and organized into three domains, i.e. People, Process and Business Environment. PMP focuses on the key skillsets in the PMI Talent Triangle (Technical Project Management, Leadership and Strategic and Business Management).

Within the three domains of PMP, the Key Concepts, Trends and Emerging Practices, Tailoring Considerations and Consideration of Agile or Adaptive methods would be covered.

COURSE OBJECTIVES

On completion of this course, delegates would have been exposed to our proven approach of preparation for the PMP examination via:
